

# Construction Pre-Apprentice (Basic Kitchen and Bathroom Fitting) (City and Guilds) Level 1

New College Lanarkshire

## Venues

Cumbernauld Campus  
Motherwell Campus

## Content

This course offers industry qualifications in the construction industry. The course is designed to give the fundamentals of kitchen and bathroom fitment for students to build confidence in and use in industry.

This course is split into two parts, student will study for a City & Guilds Certificate in one trade area in part one, and upon successful completion will progress onto a City & Guilds Certificate in another trade area in part two. Beyond the City & Guilds qualification, students will learn how to fit a variety of kitchen units, worktops, bathroom sanitary items and the accompanying fittings ready for connection to properties.

This course provides a full academic year immersed in the Construction Industry not only covering the subject content but also learning the vital skills needed to gain and subsequently sustain full time employment.
