Content

The HNC is designed for people who want to develop skills for and gain an understanding of the fascinating and complex world of Business.

You will study different topics that cover all aspects of business from managing people, economics and marketing, to accounting and ICT in business. All subjects require you to think about theory but also will require you to consider how you put that theory into practice in real world and case study situations.

You will analyse different situations which businesses could face, using information from the external business environment such as market forces and competition and from the internal business environment such as financial information and performance data.

You will study:

Business Fundamentals and Emergent Technologies; Managing People and Organisations; Economics; Marketing; Accounting; Communications.
