

## Media and Communication (Level 5)

Glasgow Kelvin College

### Venues

East End Campus

### Content

This course will help you kick-start your career in a range of areas related to the media industry. You will learn about film, advertising and creative writing and develop skills required for employment in a modern media workplace.

You will enhance your digital communication skills and develop creative skills in media through individual and group projects. You will enjoy a pleasant and friendly environment whilst learning about the fast-changing media industry. The skills you develop will equally be very helpful to jobs in a wide range of industry areas, as media skills and effective internal and external communication skills are crucial to all businesses and organisations.

The course will prepare you for further study in media and communications, and is also an excellent introduction to subjects related to business and marketing or digital creative industries.
