Software Development (NextGen)

New College Lanarkshire

Venues

Motherwell Campus

Content

This course is designed to teach you the skills you need to become a successful software developer. You'll learn how to write code, design software applications, and work with other developers to create amazing software products. Our experienced instructors will guide you through the process, providing you with the knowledge and support you need to succeed. So why wait? Sign up for our 2nd year degree level software development course today and start your journey to becoming a software developer!

Completion of the course culminates in a thought provoking project based on realistic scenarios. Students will complete some vendor accredited portions of the HND and are encouraged to undertake the highly valued professional exams.

Building on the skill set of the HNC, Year 2 provides opportunities to extend these skills and focus more in-depth on specialist areas of software development. This course also provides opportunity to achieve professional qualifications from CompTIA, Oracle, Cisco and Microsoft.

Start Date

August

Qualification
