Performing Engineering Operations - Renewables

North East Scotland College

Venues

Aberdeen Altens Campus
Fraserburgh Campus

Content

This course focuses on key strands of practical engineering skills suited to a variety of roles in the renewable energy sector.

You will learn:
The production of mechanical assemblies; General machining; MIG Welding; Computer Aided Design (CAD); Wiring and testing programmable controller-based systems; Maintaining mechanical devices and equipment.

Start Date

August

Qualification

SVQ

Study Method

Full time

Award Title

at SCQF Level 5

Course Length

1 year

Department

Engineering

Entry Requirements

No formal entry requirements.

SCQF Level

5
