

# **Performing Engineering Operations - Renewables (Level 5)**

North East Scotland College

#### **Venues**

Aberdeen Altens Campus Fraserburgh Campus

#### **Content**

This course focuses on key strands of practical engineering skills suited to a variety of roles in the renewable energy sector.

You will learn:

The production of mechanical assemblies; General machining; MIG Welding; Computer Aided Design (CAD); Wiring and testing programmable controller-based systems; Maintaining mechanical devices and equipment.

#### **Start Date**

August

## Qualification

Other

# **Study Method**

Full time

## **Course Length**

1 year

## **Department**

Engineering

## **Entry Requirements**

No formal entry requirements.

#### **SCQF Level**

5

## **Progression Routes**
