Computer Science (Artificial Intelligence)

Edinburgh Napier University

Venues

Merchiston Campus

Content

The university specialises in key computer science areas such as artificial intelligence, evolutionary computation and software engineering.

This British Computer Society (BCS) accredited computing course will help you gain a full understanding of computing tools, techniques and practices across a wide range of application areas.

Unlike computing courses elsewhere, at Edinburgh Napier you will be taught by world leading scientists in specialist facilities which contain high-speed computers with all essential software. The course will teach you computer programming fundamentals that will propel you into employment after university.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons

UCAS Code

I105

Course Length

4 years

Department

Computing

Entry Requirements

2027 entry requirements

Standard entry:
4 Highers at BBBB plus Maths or Applications of Maths at National 5.

Widening access entry:
4 Highers at BBCC plus Maths or Applications of Maths at National 5.

For entry to year 2 you must have 3 Advanced Highers at BBC including Maths or Physics or 2 Advanced Highers at BB plus Highers at BB including Maths or Physics

SCQF Level

10
