

## Computer Science (Artificial Intelligence)

Edinburgh Napier University

### Venues

Merchiston Campus

### Content

The university specialises in key computer science areas such as artificial intelligence, evolutionary computation and software engineering.

This British Computer Society (BCS) accredited computing course will help you gain a full understanding of computing tools, techniques and practices across a wide range of application areas.

Unlike computing courses elsewhere, at Edinburgh Napier you will be taught by world leading scientists in specialist facilities which contain high-speed computers with all essential software. The course will teach you computer programming fundamentals that will propel you into employment after university.

### Start Date

September

### Qualification

Degree

### Study Method

Full time

### Award Title

BSc Hons

### UCAS Code

I105

### Course Length

4 years

### Department

Computing

### Entry Requirements

2025 entry requirements

Standard entry:

4 Highers at BBBB including Maths or a science and technological subject at B plus English and Maths at National 5.
