Accounting and Finance

Open University in Scotland

Content

This multi-accredited degree will provide you with a thorough understanding of the role of accounting and finance/financial management within business and society. You'll learn to analyse and interpret accounting and financial information and explore specialist areas like auditing, governance, law, taxation, and financial reporting. Alongside technical skills for accountancy and finance roles, you'll develop broader academic knowledge and skills such as critical thinking, reasoning, research, and creativity-abilities valued in many industries. The expertise and insights you gain will prepare you for a wide range of rewarding careers in accounting, finance, and broader business roles.
