

Health and Social Care (OU Certificate)

Open University in Scotland

Content

This certificate is focused on two things. It provides a valuable introduction to learning in higher education and it also provides an authoritative overview of health and social care. Real-life case studies will give you an insight into what it is like to experience care and of working in care services. Whether you're involved in care work (paid or unpaid), use services yourself, or simply have a general interest, this course helps you build knowledge, understanding, a range of learning skills, as well as preparing you for further study.
