

Computer Games Development (NPA)

UHI Outer Hebrides

Venues

Outer Hebrides Campus

Content

The NPAs in Computer Games Development at SCQF levels 4 introduce learners to the genres, trends and emerging technologies of the computer games industry. This suite of awards provides a foundation in techniques that are important to the sector, such as digital planning and design, creation of media assets, and development and testing — while also developing employability skills and Core Skills through enterprise activities.

This qualification covers core areas such as design, media assets and development. Coding is also an important part of this qualification. The award will improve learners' computational thinking skills — an area that is gaining recognition as a vital 21st century competence — and stimulate interest in computer science among young learners.

Start Date

January

Qualification

Other

Study Method

Distance and Flexible learning
Part time (day)

Course Length

Contact institution

Department

Computing and IT

Entry Requirements

No formal entry requirements. You should have a keen interest in games development and a PC with windows 10.
