

Mental Health Peer Support (PDA)

University of the Highlands and Islands (UHI)

Venues

UHI Inverness
Virtual Learning Environment (VLE)

Content

Peer support workers in the mental health sector, often now acknowledged as 'experts by experience', offer a unique insight and understanding that can only be gained through having been there yourself.

This course has been specifically developed to equip students with the learning and values necessary to utilise their own experiences to support others recovering from mental illness.

The PDA consists of two mandatory units.

Recovery Context which includes the following outcomes:

Define and understand peer support and its role in recovery; Describe and explain the key concepts of formalised peer support

Developing Practice, outcomes include:

Apply a range of theories and concepts in the peer support role; Develop relationships based on peer support principles; Understand perspectives of the work role.

Start Date

September, January
