

ESOL Gateway to Trades

Glasgow Clyde College

Venues

Anniesland Campus

Content

ESOL Gateway to Trades is designed for non-native speakers of English who are interested in a career in construction and routes into employment after completing the course.

On the programme you will study a range of practical subjects while enhancing your English and preparing to work.

You will study towards industry recognised qualifications and complete a work placement – all activities that will support progression into employment.

There is no age restriction on this course. If you are ready to study and progress into work then this is the right course for you!

Please note: this is not an ESOL programme
