Virtual Learning Environment (VLE)

Content

The National Progression Award (NPA) in Cyber Security provides foundation knowledge and skills in data security, digital forensics and ethical hacking – providing the skills pipeline into the Cyber Security industry. These awards are designed to raise awareness of Cyber Security and fill the current skills gap in this field. They will encourage learners to improve their cyber hygiene and resilience and enable them to identify security vulnerabilities safely, legally and ethically. They will also help learners to contribute more safely to virtual communities.
