

Engineering Academy (in conjunction with the University of Strathclyde)

Ayrshire College

Venues

Kilmarnock Campus

Content

The Engineering Academy is a pioneering programme that provides students with a route into university and employment. It is a collaboration between the University of Strathclyde, partner colleges and industry which will deliver a pathway to a range of engineering degrees.

The first year of the Engineering Academy programme is undertaken as an enhanced HNC Mechanical Engineering programme and has been designed in consultation with the University of Strathclyde.

More information can be found at the Engineering Academy on the University of Strathclyde's website - <https://www.strath.ac.uk/engineering/studywithus/engineeringacademy/>

Start Date

August

Qualification

Other

Study Method

Full time

UCAS Code

apply via UCAS - Code OBRT

Course Length

1 year

Department

Engineering

Entry Requirements

4 Highers at BBBC including Maths and Physics or Engineering Science at B (Foundation Apprenticeship Engineering will be accepted in place of 1 non-essential Higher)

SCQF Level

7

SCQF Points

«SCQFPoints»

Progression Routes

Guaranteed entry to year 2 of an undergraduate degree in the engineering faculty at University of Strathclyde.
