Design for Digital Media

City of Glasgow College

Venues

City Campus

Content

On this HND programme, you will immerse yourself in the world of visual communication and digital media design. You'll develop essential design skills while building technical expertise in motion graphics, graphic design, animation, UX design, and digital content production. You will work on studio-based projects and respond to project briefs that challenge you to apply design thinking across a range of digital media formats.

You'll study:

Design fundamentals; New media design; Motion Graphics, 2D/3D animation and Visual Effects; User experience (UX) Design; Digital Content Creation; Digital Video / Audio production; Portfolio Preparation; Branding.
