

Design for Digital Media

City of Glasgow College

Venues

City Campus

Content

This new Digital Media course will develop your creative and technical skills, in the production of screen-based graphic design and media content for interactive and multimedia applications, such as web, mobile app, motion graphics and VFX.

During the course, you'll be taught by staff with significant Digital Media experience and a proven track record of bringing out the best in their students.

The course is delivered mainly through practical projects in the studio and state-of-the-art labs, using industry standard software and techniques.
