

## Pre-Apprenticeship in Engineering Practice

Dumfries and Galloway College

### Venues

Dumfries Campus

### Content

This award is designed for suitably qualified school leavers or mature learners who have an interest in engineering and wish to gain employment in the engineering industry as a Mechanical Technician, Fabrication Welder or an Engineering Maintenance Technician. This award is also suitable for anyone with an interest in Multiple Skilled crafts. Successful completion of the award also provides a sound foundation for anyone who wishes to study engineering at higher level.

This programme seeks to combine the development of practical skills with underpinning knowledge to enable successful candidates to develop and sustain a career in the engineering industry or to study at higher level.
