

Accounting with Finance

Fife College

Venues

Dunfermline (Halbeath) Campus

Content

This course offers in-depth knowledge and practical skills in financial management, accounting principles, and business strategy. Ideal for aspiring professionals, it equips you with the expertise needed to thrive in global financial markets, preparing you for a rewarding career in finance. This degree course is delivered in partnership with Abertay University and you will graduate with a degree awarded by Abertay University.

The BA in Accounting with Finance course covers a wide range of essential topics, providing you with both theoretical knowledge and practical skills:

Financial Accounting: Learn to prepare and analysing financial statements and reports in line with accounting standards.

Management Accounting: Study cost accounting, budgeting, and performance evaluation for informed business decision-making.

Corporate Finance: Gain a comprehensive understanding of financial markets, investment strategies, and capital budgeting.

Taxation: Understand taxation regulations and their impact on businesses and individuals.

Financial Management: Learn to manage corporate finances, assess financial risks, and make strategic investment decisions.

Financial Reporting & Analysis: Develop expertise in interpreting and analysing financial reports to guide business decisions.
