Intermediate Certificate: Photography

Fife College

Venues

Dunfermline City Campus

Content

This course is designed for individuals at all skill levels who want to develop their photography skills. Whether you're a beginner or have some experience, you'll learn techniques for natural photography, including portraiture, advertising, and experimental styles. Guided by instructors and peers, you'll build a portfolio for potential career advancement.

You will study camera techniques, editing techniques, outdoor photography and studio photography.

You'll also study through the National Progression Awards in Photography from SQA and you'll prepare for a portfolio and exhibition.
