Content

This AAT (Association of Accounting Technicians) advanced-level bookkeeping course is a mid-level bookkeeping qualification, ideal for anyone looking to advance their knowledge of accounting.

The qualification covers a range of complex bookkeeping tasks. You will learn and master financial processes, including bookkeeping principles and concepts.

On successful completion of this course, you will be awarded an AAT Level 3 Advanced Certificate in Bookkeeping. This internationally recognised AAT (Association of Accounting Technicians) qualification enables those working in accounting or those who looking to pursue bookkeeping as a career to gain knowledge, practical experience and the all-important certification often sought by employers.
