

Applied Science (Animal Biology and Physiology)

Glasgow Kelvin College

Venues

Springburn Campus

Content

Are you interested in a rewarding career in applied science? This programme will group you together with other likeminded learners who are interested in progressing to animal biology and/ or physiology based degree programmes. This will allow you to form crucial support networks maximising your success on the HNC programme and beyond.

This programme covers 15 credits from the HNC Applied Science Framework.

You will build up an excellent understanding of a broad range of scientific concepts and skills, including:

Cell Biology; Chemistry; Anatomy and physiology; Microbiology; Mathematics; Biochemistry; Dissertation writing.

You will also learn to perform a vast range of scientific techniques essential for industry and academia.

Start Date

August

Qualification

HNC

Study Method

Full time

Course Length

1 year

Department

Science

Entry Requirements

Higher Biology, Chemistry or Human Biology plus National 5 English, Maths, Biology and Chemistry, or NQ Steps Into Science (Level 6); or other relevant national qualifications at SCQF Level 6

SCQF Level

7

SCQF Points

«SCQFPoints»

Progression Routes

2nd or 3rd year entry to university science course.

Combination Courses
