

Car Mechanics (including Hybrid and Electric Vehicles) (VRQ) (Level 7)

New College Lanarkshire

Venues

Cumbernauld Campus
Motherwell Campus

Content

This qualification covers the technical needs for today's light vehicle repair industry, including the diagnosis of complex system faults and advanced systems operation. It provides the essential knowledge for service technicians working on light vehicles (cars and vans) in all types of garages and dealerships.

The qualification is recognised by the Sector Skills Council as a VRQ/Technical Certificate and can be used as knowledge evidence in a related Modern Apprenticeship programme.

Content:

This programme involves studying both the theory and practical aspects of:

Diagnosis and Rectification of Engine and Component Faults, Chassis System Faults and Auxiliary Equipment
Electrical Faults.

Start Date

August
