Content

In the LLB programme, you will study global law and have the opportunity for interdisciplinary study.

In Years 1 and 2, you will study courses that will provide a solid foundation in core legal skills, methods and concepts from a global perspective.

In Year 3, you will have a compulsory exchange year with one of our selected partner schools, which span six continents. You will gain exposure to a different legal tradition and benefit from broader cultural benefits, global networks, and a range of legal skills.

In Year 4, courses are studied at the 'Honours' level, where you will choose from specialist courses covering a range of theoretical, practical and historical fields of study.

The Honours programme in Year 4 places a strong emphasis on developing your analytical ability, with importance placed on written and oral skills.

During Years 1, 2 and 4, you will also take a selection of optional courses from the Law School and the College of Arts, Humanities and Social Sciences.

There are also opportunities to perfect your oral skills through participation in legal 'moots' which reproduce a courtroom environment. Mooting is just one of the ways in which the Law School encourages you to develop legal skills through a range of innovative learning methods.
