

Social Sciences (Development)

Open University in Scotland

Content

This is one of several specialist routes available in the BA (Honours) Social Sciences (R23) degree. You'll be empowered to tackle global inequalities by fostering the comprehension of interconnections among global, regional, national, and local processes of social change. You'll take a critical approach to real-world issues, delving into policies, programs, and practices. By recognising the complexity of global inequalities, the Development route integrates diverse disciplines such as economics, sociology, politics, and geography, enriching your understanding of complex challenges and their resolution.
