International Relations

Open University in Scotland

Content

By exploring current questions and issues of global importance, you'll develop an in-depth understanding of the development of the international system and interactions between states and other actors. You'll discover the sources of order and disorder within the international system and learn about the key issues in international relations, such as security, justice, conflict and co-operation. You'll also add to your knowledge of international relations by specialising in either global development, the environment, history or politics. This qualification will extend your ability to demonstrate critical thinking and evaluative skills, as well as transferable skills that will enhance your career development.

Start Date

October, February

Qualification

DipHE

Study Method

Online learning
