Sociology

Open University in Scotland

Content

This degree lets you explore some of the major forces reshaping social life in a fast-changing world. You'll be introduced to distinctively sociological ways of understanding the world and challenged to think more deeply about contemporary social problems. You'll explore the most innovative social theory and influential traditions of social analysis. You'll gain practical skills in social research and the ability to plan and conduct a sociological project. On graduation, you'll have a well-developed understanding of sociology and the nature of society's groups, cultures, and organisations, and you will be in a position to make a positive difference in society.
