Content

The BA (Hons) Business Management Graduate Apprenticeship allows you to enhance your skills and improve career prospects while developing your business mindset. You'll explore the internal structures and strategies which businesses adopt in response to key external drivers for change that impact upon them. A Business Management Graduate Apprenticeship will help you become a professional manager or leader – taking responsibility for projects, people, and services to deliver long-term success for your employing organisation.

You will develop your effective business and management skills by balancing theory with your day-to-day work in your organisation. In this degree you will put learning into practice and will solve problems on real projects in your workplace, applying your learning to the world of work. The practical knowledge and wide range of skills you will acquire through studying the programme will enable you to improve your productivity within your employer and pursue a broad range of career opportunities upon graduation.
