Engineering: Design and Manufacture (Graduate Apprenticeship) (3rd year entry)

Edinburgh Napier University

Venues

Merchiston Campus

Content

The Engineering: Design and Manufacture (EDM) Graduate Apprenticeship (GA) is based on industry defined needs and has been developed in collaboration with employers and the education sector to allow knowledge, understanding, skills and competence to be developed with the necessary attributes industry expects from its graduates.

As Edinburgh Napier University is committed to delivering an excellent personalised student experience, you will have the opportunity to acquire knowledge and develop many valuable skills, such as the ability to collect, analyse, interpret and understand data and information. In acquiring this knowledge and developing the said skills, you will also appreciate the value of education and the contribution it makes to society.
