

Business Management (Graduate Apprenticeship)

University of Strathclyde

Content

The BA (Hons) in Business Management degree is a bespoke four-year Graduate Apprenticeship programme which will develop apprentices' knowledge, skills, competencies, and professional behaviours.

The degree is designed in partnership with employers in different industry sectors and to meet the criteria for Chartered Management Institute (CMI).

During Years 1 and 2 of the degree learners will study core modules addressing:

Strategic thinking, supply chain management, Finance, Ethical Governance, Business Analysis and Technology and Innovation. In addition learners will work closely with work-based assessors and mentors to enable them to apply their academic knowledge within their work context.

Years 3 and 4 are designed to develop higher level cognitive skills and enable the continued integration of knowledge, professional competencies and transferable skills via two more extensive work-based Integrated Projects with real value to the employer and with the possible choice of electives from across the fields of Business, Engineering and Computer Science.
