Content

Are you passionate about pursuing a career in STEM? Could you inspire the analytical minds of the future and guide them through the fascinating world of technology?

Join the BSc Hons Technological Education to pursue a rewarding career as a Technological Education teacher in a secondary school. Learn from STEM experts, developing your subject knowledge via engaging lectures, plus theoretical and practical workshops with a focus on the specialist subject content.

Engage with established theory and practical modules, alongside the BA (Hons) Food, Nutrition and Textiles degree, and benefit from shared experiences with students pursuing Home Economics teaching. Learn specialist subjects such as practical engineering, construction skills, and computer aided drafting, developing your key skills and knowledge in engineering and technological disciplines as well as educational theory and practice.
