

Biological Sciences Pathway

Glasgow Caledonian University

Content

Although you are a student enrolled on the BSc (Hons) Biological Sciences course at GCU, years one and two of the course will take place at Glasgow Kelvin College.

The first two years will involve you working towards achieving an HND in Applied Biological Sciences and the subjects you study will underpin the teaching at GCU in Year Three and Year Four of the degree.

Year 3

Core modules:

Molecular Diagnostics; Experimental Design and Analysis; Pharmacology of Chemical Mediators.

Optional modules:

Biotechnology; Clinical Microbiology; Fundamentals of Drug Action; Systematic and Cellular Pathology; Cell Signalling and Trafficking Therapies; Food Science; Genomics and Bioinformatics; Nutrition and Public Health; Bioscience Placement.

Year 4

Core modules:

Project and Workshop; Biology of Disease; Translational Medicine.

Optional modules:

Concepts in Infectious Disease; Food Toxicology; Molecular Mechanisms of Microbial Pathogenicity; Neuropharmacology; Tissue Networks and Disease.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons

UCAS Code

C101

Course Length

4 years

Faculty

School of Health and Life Sciences

Department

Biological and Biomedical Sciences

Entry Requirements

2025 entry requirements

2 Highers at BB plus National 5 English, Maths, Biology and Chemistry at B.

SCQF Level

10
