Cyber Security (Graduate Apprenticeship)

Glasgow Caledonian University

Content

This fully-funded BSc (Hons) Cyber Security Graduate Apprenticeship is a degree-level qualification designed to equip successful candidates with the skills and knowledge required to thrive in the increasingly complex field of cyber security.

The course content is developed in line with the shifting demands of the communication networks, security engineering and digital forensics sector to strengthen your business's cyber defence. GCU provides high-quality tuition and support that will prepare apprentices to effectively tackle the cyber security challenges your business will inevitably face.

Year 1
