Content

Are you interested in helping others and making a difference? The Access to Care course provides a solid foundation in the many areas of Healthcare and Early Years Education, helping you to choose your future career path.

You'll learn about the care of adults and children, important social issues, and gain recognised qualifications in basic first aid and food hygiene.

The course is ideal for anyone considering a career in care, whether you're a school leaver, a parent returning to work, or considering a career change. It is a great first step to a wide variety of careers including Care Practitioner, Nurse, Teacher, Social Worker and many more.
