

Construction Skills (Level 5)

UHI Argyll

Venues

Campbeltown Centre

Content

This course is a blend of practical exercises and activities work where you will gain a range of practical hand skills through Carpentry and Joinery, Brickwork, Painting and Decorating. Craft skills will be completed and assessed within a workshop environment. You will research job roles and responsibilities within the construction sector, as well as other professions such as architects, project managers, building engineers and surveyors.

You will learn to plan and manage your workload, produce a plan and generate a range of evidence which will be assessed on an ongoing basis as you work towards completing a project.
