

Performing Engineering Operations (SVQ) incorporating NC Engineering Systems

UHI North, West and Hebrides

Venues

Thurso

Content

The course covers both theory and practical subjects to develop skills across a range of units to increase knowledge of engineering systems and engineering practice.

This programme combines the NC engineering systems with the SVQ Level 2 Performing Engineering Operations. These qualifications satisfy the foundation training for a modern apprenticeship across a range of engineering disciplines.

Employment opportunities through good employer links and potential route to a 2nd year apprentice.

Start Date

September

Qualification

Other

Study Method

Full time

Course Length

1 year

Department

Energy, Engineering and Construction

Entry Requirements

National 4 English, Maths and a technological subject, SfW Engineering Skills preferred. Interview.

SCQF Level

5
