

Introduction to Construction and Engineering

UHI North, West and Hebrides

Venues

Stornoway

Content

This course is directed at school leavers or anyone interested in a career in Engineering or Construction. It will combine construction & engineering subject areas with the addition of core skills in Maths, English, and IT. National 4 Maths will be included within the core skills offer. This pre-apprenticeship training course and broad subject range will enhance employability and offer a suitable progression route to apprenticeships or NC level 5 studies.
