Content

Are you passionate about improving children's lives? Have you completed the BA Early Learning and Childcare (Graduate Apprenticeship)? Do you want to shape the early years of learning in Scotland and develop better practices in all areas of the childcare sector?

This is the only course of its kind and is unique in its structure and delivery, offering an additional honours year on top of the 3-year BA Graduate Apprenticeship, for accreditation at SCQF 10 and allowing progression on to postgraduate studies within UHI or other locations.

The Scottish Government have outlined an ambition to make Scotland the best place for a child to grow up. They understand that providing the highest quality of childcare and learning from the very beginning is key to laying strong foundations for future generations, and that childcare practitioners are pivotal to the success of that vision.

This course is designed to support the provision of high-quality childcare and early learning.

Start Date

September

Qualification

Degree
