Content

This exciting Care Partnership course: Glasgow Health and Social Care offers you the chance to complete a college course together with a paid placement from the Glasgow City Health and Social Care Partnership (GCHSCP).

This unique course is aimed at those with a genuine interest in working in older adult services. This work is about helping people to live well and achieve the things in life that really matter to them. You'll go home each day knowing you made a difference.

If you want a career where the work is highly rewarding, where you can progress, have job security, and get an enormous sense of personal achievement from knowing you are helping other people, then adult social care is for you.

The subjects you will study include:

Social services in Scotland; Safeguarding people; Communication in care relationships; Safe practice and wellbeing in social services; Human development and social influences; Caring for people with dementia; Prevention of infection.
