Content

The BA Hons Business and Sustainability is an innovative new honours degree programme developed through a partnership between New College Lanarkshire, and the University of the West of Scotland.

The BA Hons Business and Sustainability programme provides students with an opportunity to study towards a degree in business that concentrates, not only on general areas of business sectors, but also focusses on critical issues that affect our planet and its survival.

The degree has a strong focus on sustainability, equipping graduates to address pressing environmental and social issues facing business and society. This includes core modules focused on sustainability, Sustainable Business Development, Sustainable Development Goals, Sustainable Leadership, Circular Economy, Social Innovation, and ethical and sustainable business practices.
