Computer Aided Architectural Design and Technology

City of Glasgow College

Venues

City Campus

Content

The HNC has a micro architecture and residential focus with briefs that include a garden studio, a bothy, a rural house, and a sustainable community for the hidden homeless at Glasgow Green.

The course introduces the learner to the design process from precedent research, site analysis, concept sketching, modelmaking, 2D orthographic drawing, construction detailing to 3D visualing.

Carbon literacy is embedded in the curriculum, and all projects address the climate emergency with a focus on sustainable architecture.

Start Date

August

Qualification

HNC

Study Method

Full time

Course Length

1 year

Department

Architecture

Entry Requirements

2 relevant Highers; or relevant national qualifications at SCQF Level 6. Interview.

SCQF Level

7

SCQF Points

«SCQFPoints»

Progression Routes

Relevant HND.
