Foundation Degree of the Arts - Esports and Creative Industries (Year 2)

Dundee and Angus College

Venues

Gardyne Campus

Content

This is the 2nd year of the 2-year Foundation Degree, and equivalent to SCQF level 8. This innovative course is the progression from year 1 and helps you to develop and put into practice skills around producing esports events, where you will work with your classmates and external partners to run an esports event. You will look at how technology supports esports events and conduct a professional research project in conjunction with a work placement.

Progressing from the first year of the degree, this course looks at:

Esports Event Production; Esports Marketing Strategies; Esports Media; Technologies for Esports Events; Applied Industry Research.

This Foundation Degree is validated by the University of West London (UWL).
