Measurement and Control Engineering

Forth Valley College

Venues

Falkirk Campus

Content

This course provides a wide range of core and engineering skills in measurement and control engineering, enabling students to find employment in a range of industries like oil and gas, production, automation, chemical, food and pharmaceutical.

Subjects Include:
Process Analysers; Process Control; Instrumentation in Hazardous Areas; Distributed Control Systems; Measurement Systems; Complex Control Systems; Programmable Logic Controllers; High Level Engineering software.

Start Date

August

Qualification

HNC

Study Method

Part time (day)

Course Length

1 year

Department

Engineering

Entry Requirements

Higher Maths and a science or technological subject; or Foundation Apprenticeship Engineering; or relevant national qualifications at SCQF Level 6. Interview.

SCQF Level

7

SCQF Points

«SCQFPoints»

Progression Routes
