Education and Social Services

Glasgow Clyde College

Venues

Langside Campus

Content

The college partners with the University of Strathclyde to bring you this fascinating course, which is designed to prepare you for employment in the education and social services sector. You'll complete the diploma at college, learning in a small class, before progressing to the third year of study at the University of Strathclyde. You'll learn about the importance of service integration and social policy, and do a work placement to help you develop the practical and interpersonal skills you'll need for a successful career.

Content: Professional and Personal Development; Societal Context and Policy; Integration of Services; Understanding and Meeting Needs; Understanding and Developing Practice; Work Practice Placement.
