

# **Photography (Level 6)**

New College Lanarkshire

#### **Venues**

**Motherwell Campus** 

#### Content

This dynamic NQ Photography course offers a hands-on, project-based approach to develop both your technical photography skills and creativity. Whether you're looking to capture compelling portraits or bring still life to life, this course gives you the tools and techniques to play, experiment and refine your craft.

You'll explore creative camera techniques that push the boundaries of conventional photography, unlocking your full potential. Through studio photography, including portraiture and still life, you'll learn to harness lighting, composition, and styling to create professional-quality images.

Mastering digital imaging through Adobe Creative Cloud, you'll gain the technical expertise to enhance and perfect your photos in post-production, learning how to transform your raw files into visually impactful images.

By the end of the course, you'll have created a diverse portfolio, showcasing your journey and your growth as a novice photographer. This course is ideal for anyone eager to develop a creative photographic voice and prepare for the next step in their creative career.

Equipment will be provided.
