

## Business Management with Finance (Advanced Entry)

Edinburgh Napier University

### Venues

Craiglockhart Campus

### Content

This top-up course is designed to equip you for a career in business and management. A BA top-up is the equivalent of the final year of a full-time Bachelors degree, delivered by us straight to your screen via our online learning environment.

Building on your previous experience and skills, you'll develop your understanding of the theories and concepts of business and management and the ability to apply these in practical business situations.

You'll also gain an understanding of analysing financial information for decision-making, planning and control and performance evaluation, including managing effectively a variety of risks.

The course develops critical, analytical, creative and reflective approaches to business and its environment, further enhancing your employability and leadership skills.

The international perspective developed through the materials will provide you with the background to better understand and succeed in the increasingly global environment faced by all organisations.
