Content

Explore a range of key accountancy concepts in-depth and gain an excellent grounding in the principles of financial and management accounting. Use manual and computerised systems, working in class sizes designed to give you an inclusive personal experience of university life.

Develop your contextual, theoretical, and technical skills on this highly practical programme, and let us prepare you for a successful career in accounting and finance.

Year 2 is the HND Accounting.

Year 3 - BA core modules are:
Advanced financial reporting; Auditing and professional ethics; Financial management; Research skills.

You will choose two option modules which may include:
Business awareness for accountants; Critical thinking in management; Entrepreneurship; Project planning and management; Small business planning; Work placement.

Year 4 - BA (Hons) You will complete a dissertation, or research and plan a new business venture, as well as studying the following modules:
Corporate financial decision making; International financial reporting.

You will choose further option modules which may include:
Advanced management accounting; Advanced taxation; Corporate responsibility in the global environment; Social and environmental accounting; Work placement.
