

Film and Media Production

Open University in Scotland

Content

Step into the dynamic world of filmmaking with our Certificate of Higher Education in Film and Media Production. This innovative programme introduces you to the fundamentals of visual storytelling and media creation, helping you develop hands-on skills for the fast-paced film and media industry. Through collaborative projects and individual exploration, you'll learn to craft compelling narratives across various media formats. The course combines practical skills with creative development, offering you the flexibility to align projects with your career aspirations while building a solid foundation in film and media production.

This online course is available through our college dedicated to the creative arts, the Open College of the Arts.

Key features:

Master the fundamentals of visual storytelling through film and media production; Develop practical skills in camera work, editing, and audio storytelling; Create collaborative projects while building a personal portfolio; Learn from industry professionals through live sessions and workshops; Access regular technical tutorials and benefit from supportive peer feedback.
