

Design

Open University in Scotland

Content

Design shapes our world. From the products and services we use to the systems that make up our society. Our design degree (BDes) will nurture your creativity, develop your problem-solving and help you turn ideas into action. You'll learn through practical projects that introduce you to the world of professional design across industries – from designing a humble T-shirt to tackling real-world problems facing our future. By the end, you'll have a respected degree, a professional portfolio and the technical and creative skills needed to launch you into your chosen career.
