Access to Science (SWAP)

UHI Inverness

Venues

Inverness Campus

Content

The course covers core areas of science, including biology, chemistry, environmental science, and physics, with a strong emphasis on sustainability woven throughout the units.

Practical laboratory work is a key component of the program, providing you with hands-on experience and developing your technical skills. You will follow good laboratory practices and standard operating procedures, ensuring a thorough understanding of safety and precision in scientific experimentation.

This course covers:
Lab practice; Literacy in Science and Mathematics; Core scientific fields; Sustainable development.

Start Date

August

Qualification

Access to FE/HE

Study Method

Full time

Course Length

1 year

Department

Science, Nature and the Environment

Entry Requirements

You must have been out of full time education for more than three years or 5 years if you have achieved study at Higher levels (SCQF 6).

You may have to complete entry diagnostic tests for mathematical skills and attend an in-person interview.

SCQF Level

6
